"Incremental Rate Charges" means the adjustment in charges for hospital ancillary services, professional fees, medicines, operating room and supplies resulting from the transfer by a planholder to a Room and Board Accommodation not included in his enrolled program and higher than his allowable benefit. It shall be computed as follows:

Thirty Percent (30%) shall be charged on top of the Original Charges to a Room and Board accommodation higher than the planholder's allowable benefit

- from Private to Suite

Fifty Percent (50%) shall be charged on top of the Original Charges to a Room and Board accommodation higher in category than the planholder's allowable benefit

- from Ward to Suite
- from Semi-private to Suite

Computation for excess in charges and incremental cost is as follows:

2. Incremental on hospital charges: - 30%
3. Incremental on professional fees:

Medical Case

P 100 per doctor per category per day

Surgical Case

Based on difference by multiplying factor

4. Disapproved charges

Incremental Charges —

(Hospital Bill less (sum of R&B & disapproved charges)) x 30%

Example:

Total Hospital Bill -	P 50,000
Room & Board -	P 10,000
Disapproved charges -	<u>P 350</u>
	P 39,650
	<u>X 30%</u>
Incremental charges	P 11,895

1. Excess in Room & Board = P 500 x 5	»	P 2,500
2. Incremental on hospital charges	»	P 11,895
3. Incremental on professional fees *		
Surgeon's Fee	»	P 3,000
Anesthesiologist's Fee	»	P 1,000
